Player Spotlight – Daniel Wood

Daniel Wood bought his first disc and began playing in the summer of 2006. Since then, he's become a regular tournament player, and he made his first appearance at Am Worlds in 2008. His favorite tournament of 2009 so far has been Bowling Green. As he remarked, "The courses were spectacular. I really enjoyed them. And I played decent!" As far as pros go, he really respects E Mac (Eric McCabe). Wood says "He's the nicest guy and a fierce competitor." Wood's goals include trying to build up to a 935+ (advanced) rating and to keep going. He's also looking to make the cut at Am Worlds this year. Any advice for the club? Wood says just practice and try to play with more advanced players. Oh, and by the way, Wood is now in possession of the #2 bag tag after acing hole 18 at North Park on June 29th!

Congrats, Daniel, on the nomination, and good luck at Worlds in July!

Do you have a suggestion for a Funkytown member to highlight in the Player Spotlight? If so, just email events@funkytownflyers.org.

Announcements!

We currently have an opening on the Funkytown board for a **promotions officer**. Stephanie McFarland has decided to stepped down from this position. We'd all like to thank her for her input and help with the club. If you are interested in filling this interim position, contact Michael Brownlow at director@funkytownflyers.org for more information.

Two of the baskets were stolen from Weatherford DGC. On July 4th at 9AM Nascar Dave Emrick is running a fundraiser with CTP's instead of normal payout to replace these baskets. If you have any merchandise to donate for CTP, make sure to bring it with you. Hope to see you there!
